Congratulations Louis! Waldo Point Harbor has been nominated to receive a 2018 Beautification Award from Sausalito Beautiful, a non-profit group of volunteers working to create, enhance and protect our public landscapes.

You have received this nomination because you have improved the aesthetics of a Sausalito public space through either recent improvements or through continuing to maintain a visually pleasing statement that beautifies the surrounding neighborhood.

There will be four Awards given this year: one in the Downtown Area, one on Caledonia Street, one in the North Bridgeway Area and one secret garden. A jury of Sausalito dignitaries will view all the nominated properties and select the winners. The winners will receive a framed certificate, placard and an invitation to join Sausalito Beautiful in the 4th of July Parade.

Sausalito Beautiful's 2018 Beautification Awards serve to show our appreciation of beautification efforts made by businesses like yours. Again, congratulations on your nomination! Should you have any questions, feel free to contact me.

Warmly,
